Come join us for a bicycle race at the Dr. Albert Varacallo Memorial Event! We are so excited to host the race in person this year, as we had to go to a virtual platform in 2020. The Tour de Varacallo is an amateur bicycle race in memory of the late Dr. Albert Varacallo who was a family practice physician and an avid cyclist. This scenic 18.2-mile race starts in the City of DuBois and passes through Sandy and Union Townships. It features hill climbs as well as flat and rolling terrain.

*If you choose not to participate in person, we are still holding a Virtual 5k or Bike Challenge like we did last year. For more info please visit www.docvfoundation.com

ABOUT US

On the morning of July 8, 2010, Dr. Varacallo was out riding his bicycle before work, when he was hit head on by a car. After this tragic event, the family of Dr. Varacallo felt the strong need to carry on his remarkable legacy and created the Dr. Albert Varacallo Foundation. Our goal is to touch many lives just like he did, and spread awareness with regards to safety issues while using different modes of transportation on the highways. We are currently in the process of endowing the Dr. Albert Varacallo Memorial Primary Care Scholarship at Penn State College of Medicine, and funding scholarships for students interested in the healthcare field at DACS and DAHS.
